

NovaEnergy Commodities Brokerage LLC

Connecting Global Energy Markets

NovaEnergy is an independent energy commodity brokerage focused on connecting qualified buyers and sellers across physical crude, refined products, natural gas, and renewable energy certificates. We emphasize confidentiality, clear documentation, and execution-focused coordination.

Core Services

Physical Brokerage	Counterparty introductions, requirements intake, documentation flow, milestone tracking.
Market Intelligence	Price discovery, liquidity mapping, negotiation readiness.
Advisory Support	Deal structure support, process oversight, transaction readiness.

Engagement Flow

1) Intake → 2) NDA/NCND (as needed) → 3) Qualification/KYC (as applicable) → 4) Introductions → 5) Close + fee settlement.

Fee Models: Per-unit fees, commission (%), or retainer coverage—confirmed in writing before execution.
